

Opalescence™
whitening toothpaste

Keep Bright, White, and Healthy Smiles

Opalescence™ whitening is the leader in tooth whitening. Part of that product family is Opalescence™ Whitening Toothpaste¹, which was developed by a dentist.

- Results in as little as **ONE WEEK**²
- Proven to whiten teeth in four weeks²
- Contains hydrated silica, proven to remove staining³
- Gentle on gums²
- Safe for long-term daily use
- Contains sodium fluoride to help prevent cavities and strengthen enamel
- Exceptional fluoride uptake³
- Low RDA for maximum enamel, dentin, and restoration protection³

Opalescence™ Whitening Toothpaste:

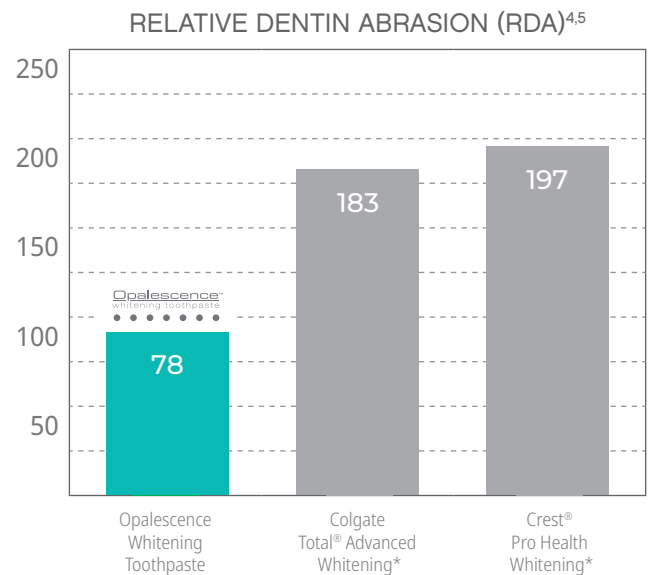

- Two kinds of exotic mint are blended into a fresh, clean, cool flavor
- The sweetness of xylitol has been added, which may reduce the risk of tooth decay
- Our Sensitivity Relief formula provides all the whitening benefits of the Original, with the added benefit of maximum strength 5% potassium nitrate

1.0 oz	24pk
Original	402
Sensitivity	3472

4.7 oz	12pk
Original	401
Sensitivity	3470

Opalescence Whitening Toothpaste has lower abrasiveness than other leading whitening toothpastes.⁵
